NATIONAL DEMOCRATIC CON-VENTION.

New York, July 4 .- New Tammany Hall is admirably arranged for the meeting of the Convention, being elegantly festooned with large American flage and decorated with eisborately painted es-cutcheons of all the States. The accommodations for the delegates are ample, and the arrangements for the press excellent, except that the Committee in charge persistently refuse admission to accredited messengers, to receive the reports. The weather is intensely not, but

Among the spectators are many ladies, also Francis P. Blair, Senator Patterson, ex-Senstor Bayard, Gov. Swann, of Maryland, and many more prominent in Southern politics before the war. The Hall and galieries are densely crowded, and there is a great crowd outside valuly striving to gain ulmission. 11:20 p.m. by August Belmont, Chair-man of the National Democratic Excouthe delegates here in this beautiful hall, and referred to the city of New York as the bulwark of Democracy, and predicted a triumph in November, for the nominees of this Convention. He then reviewed the past, and animadvarted upon the Radical rule, the tax-gatherers, and other consequences attending the same, and then proceeded to discuss at some length the policy and character of the dominant party, denouncing its actions as unconstitutional, and in violation of the sound principles of a Democratic Republican Government, the country looks to you, gentlemen, by means of a Democratic organization. TELEGRAPH

COMPANY.

THE NATIONAL

A new enterprise, to be known as the Naional Telegraph Company, has been organ-Memphis & Louisville B. R. Line. used with valuable franchises conferred by a recent act of Congress for the purpose of estab lebing Trunk Lines of Telegraphs on all the principal railroads and mail routes in the Cuited States. The stock is to be issued upon he same principle as that of the Merchant's Union Express Company, which recently com-menced operations. The design is to interest the entire business community in the enterprise. This is done, not so much to dispose of the stock as it is to secure the business of the

country through which the lines pass.

The Capital is to be

In 100,000 Shares, of the par value of \$100 PER SHARE

But the actual amount to be paid in each

\$35 Per Share. and this amount is to be paid as follows: One er cent. of the par at the time of subsc and no more patil the entire central has been thed, and then on calls to be made by the

Board of Directors; instalments not fo exceed

five per cent. per month. When thirty-five

per cent, of the par vaine of the shares has

been paid, certificates of stock will be immed

CASH CAPITAL OF \$3,500,000, Which will be sufficient to duplicate lines to

all or nearly all the paying points reached by

the present monopoly The present Telegraph Companies of the country have been consolidated into one huge topoly, and are now earning over SEX MILLIONS OF DOLLARS per year, or over one hundred per cent, on the actual cost of their lines, their present capital having been. watered over ONE THOUSAND per cent. THE NATIONAL TELEGRAPH COMPANY have a recognition from the United States avernment of the importance of their enterrise, with a grant of the most valuable franchises ever conferred upon a telegraph company. No competing line has ever had the Blacksmiths' & Carpenters' Tools, right now granted by Congress to this company construct and operate lines over every RAILEOAD and MAIL ROUTE in the United

States. The position of this company differs

from that of any company ever before organ

ised. The question of the RIGHT OF WAY IS FOREVER SETTLED.

The stockholders of this company cannot be

sold out or TRANSFERRED to any other osmpany. The act of Cangress under which this company has been organized, prohibits any transfer of the franchises granted.

CALLS---HOW TO BE MADE. One per cent, of the Stock will be required on subscripting, and subsequent calls, not to ex-ceed five per cent. per mouth, will be made by the Board of Directors, from time to time, as may be necessary, to supply funds to construct

and equip the lines; but no calls will be made

after the one per cent is paid until the six-

TIRE CAPITAL STOCK shall have been sub-

ACTUAL CAPITAL BEQUIRED The Company confidently believe that thirty-

ive per cent, of the Capital Stock will con-

struct and fully equip 25,000 MILES OF WIRE. Which will connect all the commercial cents and Important places in the United States This opinion rests upon the most reliable estimales and responsible offers to construct and equip the lines.

The National Telegraph Company is organised unfer the Laws of the State of New York and franchises conferred by an act of Congress, approved July 24, 1866. GEORGE R. SENTER.
